Version 1.0 Updated: January 2025

1. WELCOME ABOARD

Welcome to the team!

We are thrilled you chose to join us. We built this guide not just to set rules, but to help you thrive here.

Think of this document as your compass for navigating our culture, perks, and expectations. We believe in autonomy, mastery, and purpose. We hired you because we trust you, and we are excited to see what you will build here.

Let's get started.

2. OUR NORTH STAR (VALUES)

Our culture is defined by how we act when no one is watching. These are the pillars that hold us up:

1. Owner's Mindset

We don't say "that's not my job." If we see a problem, we fix it. We care about the details and take responsibility for the outcome.

2. Radical Candor

We care personally and challenge directly. Feedback is a gift, not a weapon. We are honest with each other because we want everyone to succeed.

3. Customer Obsession

We start with the customer and work backward. Every line of code, every email, and every design choice is made to solve a real problem for our users.

3. HOW WE WORK

3.1 Flexible Hours & Output

We focus on output, not hours in a chair.

- **Core Collaboration Hours:** 10:00 AM – 4:00 PM (be available for syncs).
- **Flexibility:** Outside of core hours, structure your day in a way that allows you to do your best work.

3.2 Dress for Your Day

We do not have a strict dress code.

- **Coding/Internal Days:** Hoodies, jeans, and sneakers are perfectly fine.
- **Client/External Meetings:** Dress to impress. Business casual or formal, depending on the client.

3.3 Communication

- **Slack/Teams:** For quick syncs and updates.
 - **Email:** For formal requests and documentation.
 - **Meetings:** If a meeting doesn't have an agenda, you don't have to attend. We value your deep work time.
